

MUHAMMAD HASHIR

karachi, Pakistan | hashirgohar@gmail.com | +92 3313267635

DATA SCIENTIST / AI ENGINEER

To pursue a role where I can integrate my technical skills in data analysis and machine learning with creative problem-solving to deliver meaningful insights and drive performance improvements, while gaining hands-on experience in the industry.

WORK EXPERIENCE

Machine Learning Intern | Ecomile Monitor - NEP-NICS Karachi

Sep-2023 - April-2024

- Efficiently sourced and synthesized diverse data for comprehensive analysis.
- Executed meticulous data preprocessing for integrity and gained insights for contextual significance.
- Applied advanced predictive modeling to optimize fuel consumption forecasts.

Data Science Intern | Bytewise Limited

March-2023 - July-2024

- Learning and implementing the given tasks and creating projects based on the provided resources.

SKILLS

- Data Preprocessing/ EDA/ Feature Engineering
- Dashboard Creation
- Machine Learning / Deep Learning
- Web Scraping
- API Development
- LLMs

TOOLS

- Python
- Numpy/ Pandas/ Matplotlib/ Seaborn
- Scikit Learn/ Tensorflow Keras
- Flask/ Streamlit
- Power BI
- Beautiful Soup/ Selenium/ Requests

EDUCATION

BS Computer Science | FINAL YEAR

Feb 2022 – Feb 2026

Sindh Madressatul Islam University
Karachi, Pakistan

Intermediate in Pre Engineering

2019 – 2021

SM Government Science College
Karachi, Pakistan

CERTIFICATIONS

Certified Artificial Intelligence Developer

Presidential Initiative of Artificial Intelligence and Computing
Karachi, Pakistan
